PROFESSIONAL SUMMARY

Motivated and passionate undergraduate with a strong interest in software engineering and full-stack development. Experienced in building real-world applications using modern technologies, with a focus on problem-solving and scalable solutions. Seeking an internship opportunity to gain industry experience and contribute to innovative development projects.

EDUCATION

Sabaragamuwa University of Sri Lanka 2024 – Present
Degree: Bsc(Hons) Information Systems

G.C.E. Advanced Level 2022(2023)
Stream: Physical Science

TECHNICAL SKILLS

- **Programming:** Java, JavaScript, Python, C, C++
- **Web Development:** HTML, CSS, React, Node.js, Express
- **Database:** MongoDB, MySQL, PostgreSQL
- **Tools:** Git, GitHub, Docker

PROJECTS

AI Watermark Remover

- Developed an AI-powered application to remove watermarks from images while preserving original quality.
- Applied image processing techniques and AI-based approaches for accurate watermark detection.
- Optimized performance to ensure fast processing with high-resolution outputs.
- **Technologies:** Python, AI/ML, Image Processing, Gradio
- **GitHub:** View Repository
- **Project:** Live Demo

Hotel Order Management System

- Designed and implemented a hotel billing system to manage appointments and generate invoices efficiently.
- Created an intuitive interface for easy use by hotel staff.
- **Technologies:** JavaScript, Netlify DB
- **GitHub:** View Repository
- **Project:** Live Demo

ALL Save Bot

- Built a Telegram bot to download and save media from multiple platforms in one place.
- Integrated external APIs to support fast and reliable media downloading.
- **Technologies:** Python, Pyrogram, Telegram Bot API, MongoDB
- **GitHub:** View Repository
- **Project:** Live Demo

SOFT SKILLS

- Problem Solving
- Teamwork
- Good communication
- Adaptability

ADDITIONAL

- Active GitHub developer with multiple real-world projects
- Strong interest in learning new technologies and building scalable applications
